Hollis M. Gott
In answer to many inquiries now being asked as a member of the Legislative Committee on Taxation, relative to Governor

Dever's tax recommendations for over \$23,000,000 in additional taxes. Rep. Hollis M. Gott expresses personal opinions as follows:

"As the Tax Committee expects to hold an executive meeting on Wednesday night, April 13th, it is possible the Tax Committee's reports on the Governor's proposals may be publicized before the Arlington Press goes to press this week."

"My personal opinion is that little of Governor Dever's recommendations will be or should be enacted."

"It is barely possible that an increased tax may be laid on pari-mutuel betting-the race tracks. The State now gets some \$9,000,000 yearly from the tracks. Eastern Racing Association, which operates Suffolk Downs, showed a net loss in 1948, from mutual betting of \$77,000. It received sufficient income from admissions, sales

Heralding the dawn of Easter Day of 1949, throngs of worshippers will flock to all churches, both Catholic and Protestant, everywhere on Sunday, to participate in the beautiful and stirring Easter Sunday services, as the modern world pauses in its confusion and turmoil, to reverently commemorate Christ's rising from the dead almost two thousands years ago, and to unite in prayer for the coming of His peace to all the troubled nations of the world.

DAYLIGHT TIME

DAYLIGHT SAVING TIME WILL GO INTO EFFECT AT TWO A. M. ON SUNDAY, APRIL 24, BUT IT WILL BY NO MEANS BE AS UNIVERSAL AS IT WAS DURING THE WAR YEARS, WHEN MANY COMMUNITIES ADOPTED IT RELUCTANTLY IN ORDER TO CONSERVE FUEL AND POWER. IN FACT, MANY PARTS OF THE COUNTRY WHICH STILL FOLLOWED THE PLAN LAST YEAR, ARE GIVING IT UP THIS YEAR.

IT WILL BE USED MAINLY IN THE CITY-DOMINATED SECTIONS, AND PRACTICALLY ALL COMMUNITIES IN NEW ENGLAND WILL PUT IT IN FORCE THIS YEAR. SO, ALSO WILL MOST OF THE COMMUNITIES IN THE MIDDLE ATLANTIC STATES, BUT FROM THERE ON OUT THROUGHOUT THE WEST, IT WILL BE GENERALLY ABANDONED. IN SOME STATES IT WAS ATTEMPTED TO PROHIBIT THE DAYLIGHT TIME BY LAW, AND THE STATE OF WASHINGTON FAILED TO PUT THRU SUCH A BILL ONLY BY ONE VOTE IN THE LEGISLATURE.

IT IS THE OLD STORY. DAYLIGHT SAVING IS DISLIKED ON THE FARMS AND GENERALLY WELCOMED IN THE CITIES. THE FARMERS SAY THEY HAVE TO WORK BY THE SUN AND NOT BY ANY ARTIFICIAL TIME, BUT NEVERTHELESS THEY DO WORK BY STANDARD TIME, WHICH IS ARTIFICIAL, AND WAS ONLY PUT IN FORCE SOME SIXTY ODD YEARS AGO FOR THE CONVENIENCE OF THE RAILROADS.

THIS IS THE MAIN PROBLEM WITH DAYLIGHT TIME. WHEN IT IS NOT UNIVERSAL, IT DISRUPTS RAILROAD TIME-TABLES BETWEEN COMMUNITIES FOLLOWING THE TWO SETS OF TIME.

Easter Egg Hunt Saturday

On Saturday morning April 16, at 10:00 a. m. the Annual Easter Egg Hunt of the Arlington Boys' Club will get underway. The party limited to the Midget and Junior members, for boys under 14 years is a load of fun for all the youngsters.

This year the many and varied colored eggs will be hidden in several departments of the club and when the signal to start hunting is given there will be an extensive race between the youngsters to find the eggs.

Like last year the gold egg means the most important prize

however, every egg found will bring a prize of an Easter Treat to the lucky winners.

Arlington Boys' Club Board Member Mrs. Frank P. Swett has collaborated with Club Director Jim Sumner in securing a fine assortment of Chocolate Bunnies, Roosters, Eggs and Novelties for prizes. Every boy attending the hunt will receive a gift after the party.

The usual reminder that all members bring their club tickets to gain entrance to the fun, is issued by Jim Kenealy, Hunt Director, who will be assisted by Henry Ottoson, Bill Mulcahy, Paul Shea, and Connie Lyons. A movie show will complete the program. Intermediate and Senior members are welcome to the Motion Picture part of the program.

The last meeting of the Club was held at the home of Mrs. Sally Whitehead, Appleton Street, Arlington Heights, who arranged a White Elephant Sale which was thoroughly enjoyed by the members and proved very successful. A delicious supper was served and Mrs. Whitehead was given a vote of thanks for a most enjoyable evening.

The next meeting will be held on Friday, April 22nd at the home of Mrs. Sara Kane, 82 Egerston Road, Arlington at 8 o'clock. Nomination and election of officers will be held, followed by bridge and whist.

Services For Mrs. Assanti

Funeral services for Mrs. Savaria Assanti, 53, a former well-known Boylston St., Boston dress designer, who died on Friday morning following an illness of a year, at the Hillcrest Rest Home in Somerville, were held from her home, 105 Varnum street, Arlington, on Monday morning, with a solemn high mass of requiem at ten o'clock in the Sacred Heart Church, Boston.

Mrs. Assanti had resided in Arlington for more than twenty-four years.

She was the widow of the late Louis Assanti, wellknown Arlington chemist.

She leaves three children, the Misses Gloria, 22 Philip, 20 and Alma, 17 all of Arlington. She also leaves five brothers and three sisters.

Burial was in St. Michael's cemetery, at Forest Hills.

Due to the inclement weather, the well baby conference of the Arlington visiting Nurses Association, was not held at the Park Avenue Congregational church on Wednesday, April 6th.

A photographer from the Boston Globe was on hand at the meeting on Wednesday afternoon, April 13, and the number of mothers and babies who attended this meeting, was most encouraging. It is hoped that all mothers of babies in the community will avail themselves of this fine opportunity to check up on the health of their children, on each Wednesday afternoon between the hours of three and four o'clock. Any baby from two weeks to two years of age is eligible for enrollment. Dr. Edna S. Easter is the doctor in charge, and she will be assisted by two of the nurses of the Association.

A hurry of hoofs
In a cobbled lane:
A shout, a light,
Into the night:
The moon looks down
On Boston Town,
And Liberty rides again.

Now galloping free,
And bending low,
Now riding tall,
O'er fence and wall:
Across the valley,
Through the dale,
Beyond the wooded trail.

A knock on the door.
Where patriots sleep:
A whispered word,
A bond to keep:
Across the meads
Race fiery steeds.
A warning moon sits low
On hamlets far below.

God grant us grace,
O'er hill and hollow
The dream to follow:
Let despots fall,
When patriots call:
Travail of heroic men,
Liberty shall ride again.

REP. COTT —

(Continued from page one)

of programs, concessions, etc., to pay forty cents per share in dividends to its 2500 stockholders.

Wonderland Track conducts dog racing. The figures supplied by the State Racing Commission and by our Tax Department will be carefully studied before the Tax Committee reports to the Legislature relative to horse and dog racing.

"Governor Dever proposes to impose a tax of \$1.00 per barrel (an increase of 50 per cent) on malt beverages, and a heavy increase in the tax on spirituous liquors. His recommendation on this proposal would bring in six and one half millions of added revenue. In view of the strong and state-wide opposition to these taxes I doubt if they can be carried out. The State's revenue from the liquor and racing taxes have declined during the past two years supposedly due to the simply fact that there is less spending money in the people's pockets."

"Now let's look at some of the Governor's proposals for taxes that would fall on the great majority of people. It may or it may not be significant that Governor Dever's tax proposals were not presented before the Committee on Taxation by a member of the Governor's staff, as is customary. The only advocate for the Governor's tax bills was Mr. Long, the Commissioner of Corporations and Taxation. It is doubtful if any of Governor Dever's staff felt qualified to advocate the following taxes or to answer questions that would have been directed to him."

"Governor Dever wants to tax deposits in Savings Banks an additional \$3,000,000. Savings Banks pay, as do all corporations, local real estate taxes on their real property. They now pay about \$400,000 in state taxes, under a law that has been considered to be fair and equitable for many years. The present taxes have been increasing for several years. Savings Banks are Thrift Banks. The funds of Savings Banks are, by intent, used to help individuals build or buy homes. It is the first place a man or woman thinks of a place of safe-keeping for his or her surplus savings, for days of sickness, education of children, unemployment, or for their latter years of life. It is the bank closest to the family. There were, as of October 31st, 1948, over 3,000,000 individual deposits in these banks, averaging less than \$1,000 each. Every dollar of net earnings of every Savings Bank after setting aside reserves required by law for the further protection of depositors, belongs to and is paid to depositors as dividends. Average dividends paid by these banks in 1948 was less than 2 per cent. As earnings increase, dividends will increase. Governor Dever's tax would prevent lower interest charges on mortgage loans and would prohibit any increase in dividends on deposits for many years to come. This tax should never be imposed on Savings Bank depositors."

"Another of Governor Dever's tax proposals is a 2 per cent tax on the gross income of every Public Utility Corporation, on every electric, gas, and telephone company doing business in Massachusetts as well as on the Railroads, and Street Railway Companies. Bear in mind this tax is to be paid on the above companies entire earnings, regardless of net incomes. This tax would be demanded without regard for operating costs of

wages, or materials or any other expense. Everyone knows that the Massachusetts Department of Public Utilities has full authority subject to our Supreme Court, to regulate rates of gas, electricity and telephone service to customers. Governor Dever would lay an additional tax of \$3,500,000 on these companies: I repeat it is an additional tax, as they now pay nearly \$5,000,000 annually to the State. These corporations also pay heavy local real estate taxes. Take for example the Boston Consolidated Gas Company from which the Arlington Gas Light Company purchases its gas. Boston Consolidated paid over \$2,300,000 in local taxes in 1948, which was over 10 per cent of its gross revenue. The same company showed net earnings of \$125,746 in 1948, or 40 cents per share on its capital stock. This tax would amount to over \$515,000 in additional taxes. Where would it come from?"

"Arlington Gas Company would pay an additional tax of over \$25,000. Does anyone think such a tax would not result in substantial increase in the price we pay for gas in Arlington?"

"Governor Dever said before the Legislature, January 6th 1949: "Our tax laws must be both wise and just. They should distribute the cost of government as evenly as possible in accordance with the taxpayers' ability to sustain the impact of the levy. We must ever bear in mind that the tax which burdens least is the best, and that only those exactions should be imposed which result in the least harmful effects on business and industry."

Are these taxes based on ability to pay? Are they harmful to business? Are they equitable and just taxes?

I'll leave the answers to the unprejudiced, and intelligent readers of this column."

Sails To Wed In England

Miss Gladys A. Irwin, 24, daughter of Mr. and Mrs. James Irwin, of 58 Taft avenue, Lexington, sailed on March 31st for England, aboard the Furness liner Nova Scotia, to marry her air force fiancé, Sergeant William J. Sullivan, 27, who is stationed there. Sgt. Sullivan is the son of Mr. and Mrs. John Sullivan, of 94 Palmer street, Arlington.

The ship sailed from the Mys-

tic Docks in Charlestown. Miss Irwin had planned to marry on September 26th, but her fiancé was unexpectedly sent to Warrington, England, on September 3, making it necessary for the couple to cancel their wedding plans at that time.

The wedding is now scheduled for April 23, at Warrington, where the couple intend to reside for the next eighteen months.

Arlington Cancer Control Committee Appeals For Aid

The Arlington Cancer Control Committee has appealed to the citizens of this town to support the drive for funds which are vitally needed for the essential research and public education program in the control of cancer.

Arthur J. Mansfield, vice chairman: Mrs. John Bishop, secretary: Walter T. Chamberlain, treasurer; Merwin F. Ashley, Mrs. Humbert Beckett, Miss Caroline Fandell, R. N.: Rt. Rev. Msgr. Matthew J. Flaherty, Miss Helen Heffernan, R. N.: Mrs. Walter H. Lennon, Rabbi Herman H. Rubenovitz, E. Vernon Rich, Gordon A. Saunders, M. D. Mrs. Lucinda F. Spofford, Mrs. Thomas L. Woodworth, Rev. Nathan W. Wood and Arthur O. Yeames.

Arlington Stores Well Stocked With Easter Gifts

With Easter only a few days away, the stores of Arlington are well stocked with offerings in the latest in women's wear, children's spring attire and men's merchandise, for the last minute shopper.

Handicapped somewhat by the rather cool weather prevailing throughout the section during the pre-Easter days, shopping has now speeded up during these last few days, and every live retailer with something to sell, offers his wares to the discriminating buyer through attractive window displays and the pages of the local newspapers.

In fact, this year for the first time since the recent war, large

varieties of practically everything the shoppers desire, are on display. Spring and Easter apparel of course claim first consideration and prevailing prices are lower than last year. A large assortment of gifts and novelties for Easter are on the retailers' shelves, awaiting the last minute buyers. Adequate parking facilities will be found throughout the shopping districts for out of town customers who wish to do their Easter shopping in Arlington's fine shopping area, and who will find Arlington merchants fully equipped to serve them with promptness and courtesy.

Dog Officer Issues Warning Re Finding Of Lost Animals

In an interview with the editor of this newspaper, on Monday, Arlington's popular dog officer, Sam Femia, stated that this is the time of year when dozens of lost and stray dogs and other animals disappear from their homes. Reports come to him from various persons who have come into the possession of such animals, who, although reporting the fact that they have found an animal, steadfastly refuse to give their names or to relinquish the animals.

Lest there be any misunderstanding as to the exact law in the matter, Mr. Femia quotes from Chapter 272, Section 85A of the Commonwealth of Massachusetts statute relating to the licensing and keeping of dogs, etc. The Chapter reads as follows:

"Whoever wrongfully kills, maims, entices or carries away a dog or other domesticated animal or bird, shall be liable in tort to its owner for three times its value. Any person who removes from the dog of another, its license tag, collar or harness, or who, without the authorization of the owner or keeper, holds or harbors a dog or other domesticated animal of another, or who holds or harbors a lost or strayed dog or other domesticated animal for more than forty-eight hours after such animal comes into his possession, without reporting or taking it to the police station, or dog officer nearest to the place where it was found, and informing the police officer or dog officer in charge where such dog or other animal was found, the name, color, age, size and pedigree, as fully as possible, of such animal and the person's own name and address, or who shall cause a dog to wear an imitation or counterfeit of the official tag prescribed by section 137, 137A, or 137B of Chapter 140, shall be punished by a fine of not more than one hundred dollars."

In this connection Officer Femia wishes to allay the fears and forebodings which some animal lovers and owners appear to be laboring under, to the effect that animals taken into the custody of the dog officer and dog pound, eventually find their way into the viv-

boxer had been lost. The owner, had taken every means to trace his pet. Femia, however, was unable to follow through on the case and restore the dog to its owner, providing of course, that the dog found by the woman WAS the one lost by the Cambridge man.

A proper report given by the finder would have resulted in the restoration of the dog to its rightful owner, and the statutes and regulations would have been met with.

To sum up, Officer Femia and the police department at this time wish to instruct the well-meaning animal lovers of Arlington, who may come in to the possession of either strayed or lost animals, with or without identification, to immediately get in touch with either office. If at the expiration of the nominal period of waiting for the rightful owners to make claim, the latter do not show up, then these departments are pleased to cooperate and relinquish the animals to the custody of those who turned them in as strayed or lost.

If the public will cooperate in the above matter, the work and worry of both the dog officer and the police, will be greatly reduced and fair play will be given to both the original animal owner, the finder and a happy home for the animals themselves be assured.

When you find a lost dog or other animal, a telephone call to Dog Officer Sam Femia, at AR 5-6920 will be the proper procedure to follow, to cooperate with those departments in whose charge all matters of this nature rest by law.

SOCIAL SECURITY OFFICE TO MOVE

James T. Phelan, Manager, announces that the Cambridge Social Security Administration, Bureau of Old Age and Survivors Insurance field office will move to a new location on the second floor of 2 Trowbridge St., corner Massachusetts Avenue at Putnam Square. The building is known as the Putnam Furniture Company, where suitable space has been provided for the proper and efficient operation of the program. This change in location is due to the constant increase in benefit payments in this area, and because of which, the present quarters at 1248 Massachusetts Avenue were found very inadequate.

During the year 1948, according to Mr. Phelan, benefit payment and a quarter million dollars were spent in the area serviced by this office. This area includes the cities and towns of Cambridge, Somerville, Newton, Woburn, Arlington, Bedford, Belmont, Burlington, Winchester.

This office, for the past twelve years, has been available to persons who wish to obtain Social Security Account number cards; who seek information pertaining to their wage records; or assistance in the proper filing and developing of claims for benefits; these benefits being payable to wage earner upon retirement at age 65 or after; to their wives who are 65 years of age, and to any children who are under 18 years of age and unmarried. In the event of the death of the wage earner, monthly payments may be made to the widow over 65, and to the widow under 65 if she has children of the deceased wage earner in her care who are under 18 years of age and unmarried. In the absence of a widow or children, monthly benefits may be paid to a parent or parents at age 65, who were chiefly dependent upon the wage earner at the time of his death. Where no persons are entitled to monthly benefits, a lump sum burial allowance will be paid to the widow of widower, if living together at the time of death; or in the absence of a widow or widower in that category, to the person or persons who have paid the burial expenses.

Military Services Held Monday For Local Hero

Military funeral services for Walter M. Wing Jr., 29, of 282 Mystic Street the son of Mrs. Joseph B. MacDonald, Arlington, overseas veteran of World War II, who passed away on April 8, at the Veterans Hospital in West Roxbury, were held from the D. W. Grannan & Son Funeral Home, 378 Massachusetts, Arlington, on Monday afternoon, April 11, at 2 o'clock. The officiating clergyman was Rev. James O. Eskridge, chaplain at the United States Veterans' hospital in West Roxbury. Delegations from Veterans of Foreign Wars Arlington Post 1775 were in charge of the services. Burial was in Mount Pleasant cemetery Arlington, under the military escort and firing squad of the VFW, Arlington Post.

A native of Medford, the veteran entered the service of his country in 1942, seeing action as a member of the Headquarters Company of the 4th Armored Division in the European theatre of war, and returned to his country in 1945. Since then he had been in and out of hospitals. Previous to the war, he worked as an electrician for the Bethlehem Steel Corporation. His father, Dr. Walter M. Wing, is the wellknown Arlington dentist.

Total Eclipse Of The Moon Visible April 12

At 9:30 p. m. on Tuesday, April 12 Arlington residents noticed noticeable darkening of the southeastern edge of the full moon. Fifteen minutes later the shadow of the earth falling across the moon was very discernible, and seen to be curved. Even the ancients knew the earth must be a sphere, for its shadow, seen on the moon during such eclipses as this was always circular in outline.

The shadow of the earth where the moon goes through it can be as much as five thousand miles in diameter, and since the moon is only 2160 miles in diameter, our satellite may be well immersed inside the shadow. According to Charles A. Federer, Jr., who is director of the Traveling Planetarium of the Boston Museum of Science and who will be director of the permanent Planetarium which the Museum is to build on Science on the Esplanade, this eclipse was very favorable because the moon crossed nearly centrally through the shadow, and by 11:10 middle of the eclipse was barely visible in the sky.

At first, one might think that the earth's shadow should be completely dark, and it would be says Mr. Federer, if the earth did not have an atmosphere. But sunlight passing close to the earth's surface is refracted (bent) toward the earth and into its shadow, so that rarely does the moon fail to receive some light even during the most central of total eclipses.

Conjunctions of the moon with first magnitude stars during an eclipse occur only on rare occasions. It will be in conjunction with Spica during a total lunar eclipse only once again in the 20th century, in 1968, and that will be the last time for about 700 years.

There will be another eclipse of

the moon this year, on the night of October 6-7, so that 1949 is an unusually good year for observing lunar eclipses. There will also be two eclipses of the sun, one on April 28 and one on October 21, but these will be relatively unimportant partial eclipses, neither visible in the United States.

Registrar King Sends Message To Citizens

The Commonwealth of Massachusetts has been gifted in generous measure with woodlands, reservations, and state forests. This, in a strictly material sense, represents a valuable asset of our economy; but, the benefit to our citizens from a purely recreational point of view and the pleasures derived from occasional visits, cannot be counted in terms of dollars and cents.

At this season of the year, we should be constantly mindful of our individual responsibilities in helping conserve these assets and preserve their natural beauty and value from the ravages of fire. Now that fine weather will be with us in large measure, thousands of motorists will pass thru areas where dangerous fire hazards exist, especially during the month of April.

Two of several principal causes of forest fires, more or less directly concerned with motoring are: thoughtless and careless disposal of cigarettes or pipe embers by smokers, and improper extinguishing of fires by campers or "stop-over" motorists. In an effort to control these causes, legislation was passed providing for court action against those who drop or throw from any vehicle while the same is upon a public or private way running along or near forest land or otherwise places in or upon forest land, any lighted cigarette, cigar, match, live ashes or other flaming or glowing substance likely to cause a fire and

imposes a penalty for the act. Forest fire brings terror to the hearts of all who have known its horror. A short time ago we joined in sympathy with a neighboring state which suffered the loss of much of its beautiful scenic area and some of its important residential districts.

Fire does not confine itself to the woodlands but sweeps down upon defenseless farmhouses and villages in its path, an awe-inspiring force against which man exerts but feeble effort.

Obviously then, our best and most effective defense is prevention. In this endeavor every citizen should have a deep and personal interest.

I appeal to every Massachusetts motorist and to our visitors from other states to exert every preventive precaution to save our woodlands from wanton destruction by fire. Let no careless act cause tragic ruin-let nature's beauty remain a source of enjoyment to all.

BE CAREFUL! BE ALERT! PREVENT ALL FOREST FIRES!

Signed: Rudolph F. King

ARLINGTON YOUTHS ON TRIAL FOR ALLEGED ASSAULT ON MAN

A YOUNG HERO

There's a new hero for Victor Paige, 16-year-old hero of Portsmouth, N. H. He rescued a 12-year-old boy who had fallen through thin ice while skating on the Pow Wow River. Young Paige pushed a log out to the younger boy and with its aid pulled him to safety. Now Victor has been made an Honorary Lone Ranger Deputy, complete with gold badge, by radio's Lone Ranger, who is saluting heroic youngsters.

A total of twenty witnesses are expected to testify for the Commonwealth, in Middlesex Superior Court, in the case of the three Arlington youths charged with attempt to murder an Arlington man.

The youths, Michael J. Cloherty, 18, of 15 Newland road, Edmund I. McNamara, 17, of 130 Sunset road and Joseph P. Doyle, 19, of 18 Peter Tufts road, Arlington, are charged with the beating of James H. Fannon, 42, of 102 Spring street, in an alley off Dudley street, North Cambridge, on November 22nd last. It is charged by police that the youths allegedly forced an iron pipe down Fannon's throat to prevent him from calling for aid.

The star witness at the trial for the Commonwealth will be Fannon, who is still weak and under medical care from his ordeal. Unable to speak above a whisper, it is feared he may require someone to relay his answers when he testified at the trial. Fannon has been confined to the Cambridge City hospital off and on for sometime, his name frequently on the danger list. An emergency operation was performed on him minutes after he was brought into the accident ward of the hospital.

Judge Frank J. Murray is hearing the case with the jury, and three lawyers Frederick J. McMenimen, Joseph P. Donahue and John J. Tobin are defending the youths. The case it is thought will continue for several days.

Suspects Flee After Crash; Threaten Arlington Cabbie

Taxicab Driver Joins Police In Chasing Youths

Two men, believed to be the same pair which held up a Tewksbury liquor store the night before, crawled out of their wrecked automobile following a head-on crash with a taxi on Chestnut Street, Arlington, near St. Agnes Church, on Sunday night at dusk. And after warning the driver of the cab—"Don't follow us or we'll blow your head off," raced down Warren Street and disappeared.

Three police cruisers under the direction of Sgt. Harold Pick were on the scene within a matter of minutes and combed the area down to the Medford-Somerville lines without success.

One of the men later reported to have knocked on the door of an East Arlington home, where he asked to use the telephone and called a taxicab. The Arlington cab driver told police that he left his

unknown passenger at the Huntington Avenue, Roxbury, overpass.

Ellsworth March, 23, of 10 Newton road, Arlington, was the driver of the taxi involved in the head-on crash that was heard throughout the neighborhood, and which smashed in the windshield, front of the alleged bandits' car, police stated. Police said that as March climbed out of the cab, ap-

parently uninjured, he saw the two young men pull themselves out of their wrecked car and start to run towards Medford. One man, he told police, had been cut about the face, and was bleeding freely as the pair ran off. As March started to give chase, to demand that they give their names, he said one of them turned and shouted "Don't follow us, or we'll blow your head off."

Patrolman Albert Spina, a route officer on duty nearby, relayed the alarm to headquarters and then joined March in a chase to catch at least a glimpse of the runaways but without success.

Three cruisers arriving at the scene almost at once, under the direction of Sgt. Pick, searched the Medford street area down to the Medford line and the Warren street section all the way to the Somerville line.

DANGER FROM DOG BITES DURING SUMMER MONTHS

Spring may mean crocuses and polished golf clubs to some, but it also means possible renewed danger from dog bites. Dog Officer Femia reports that he has received three dogs within a period of three days, to be quarantined because of dog bites, in these early days of spring.

He suggests that dog owners of Arlington cooperate during the spring and summer months by giving their pets a little needed extra care, especially during the hot weather, which affects animals as well as humans. The animals should be kept under cover during the heat of the summer days, with plenty of fresh water available and good food at proper intervals. He attributes the increase in dog bites during the warm months largely to the fact that animals are allowed to roam at will minus muzzle or leash, exposed to the heat and often without water or food available. The attention of the dog owners to these few simple rules in the care of their pets, will result in reducing the danger of dog bites to a minimum, not to

peak of the expense to be borne by them in having animals placed under quarantine, where a charge must be made for board and care.

RED CROSS MAKES APPEAL FOR ARTS & CRAFTS WORKERS

SERVICES FOR CHARLES MARGOSIAN

Funeral services for Charles Margosian, 40, of 144 Gloucester street, president of the Diamond Coal Company, of Cambridge, were held at St. James Armenian church, Watertown, on Tuesday, April 5, at one o'clock.

Mr. Margosian, a graduate of Suffolk Law school and Northeastern University school of business, passed away last week Wednesday, at Coral Gables, Florida, following a long illness.

He founded the coal company in 1934. He was a prominent member of the Russell Lodge, A. F. and A. M., St. Paul's Royal Arch Chapter, the Retail Fuel Institute and Oil Heat Institute.

In addition to his wife, he leaves his mother, Mrs. Agavny Balian; two daughters, Joan and Charlene, and one son, Charles Jr., all of Arlington.

Ten additional local residents who have free time during the day are being asked to report for interviews which may provide them with important, creative volunteer work, in aid of the American Red Cross.

The call has been issued by Miss Amelia Peabody, chairman of the Arts and Skills service of the Boston Chapter of Red Cross, who is asking that a limited number of persons from each of the Greater Boston Communities join this essential volunteer service which teaches arts and crafts to men in local military veteran and civilian hospitals.

"Hospitals have indicated that this service is so essential they are urging that it be increased," Miss Peabody said. "We now have 184 volunteers working in West Roxbury Veterans', Murphy General, Chelsea Naval, and Bedford Veterans' hospitals. In addition we, recently started a program at Massachusetts General Hospital at the request of the Director, Dr. Nathaniel Faxon.

"In order to fulfill the requests that we expand this service, we are asking that additional men and women register for a class. Men and women with free time during the day, Monday thru Friday, who are willing to spend one afternoon a week at a military or veterans hospital may register for a course."

Classes in leather, sundry crafts weaving, pottery and textile painting will start the latter part of this month for apprentices and beginners who have joined the service, Miss Peabody said.

Persons interested in this type of creative work should call the Arts and Skills office of the Boston Chapter of Red Cross, 17 Gloucesters street, Boston, at KE-mmore 6-6226.

For harmony on your party line

Good timing is a talent your party line neighbors appreciate. Young Bill, above, knows he's right "on the beam" when he allows time between his calls. Party line neighbors applaud those who share the line willingly.

Sweet music to the ears is the gentle click of the receiver when a telephone is replaced softly. You'll find approval, too, by not interrupting a conversation with the sound of dialing. Check first before you call!

Close harmony can be enjoyed easily on party lines. Actually, only a few thoughtful courtesies... such as answering calls promptly or giving up the line for emergencies... will keep your party line "in tune" for everybody.

A NOTE to all party line users

As a general thing, party line service is good enough to meet the requirements of most party line users.

Right now, however, many people who would normally have individual service are on party lines — because this is the only way in which we could supply telephones to the thousands who have asked for new service in the past three years. We are bending every effort to speed the day when we can provide individual service — or lines with fewer parties on them — to fill all present orders.

In the meantime, won't you remember that party line service is largely what you make it. We'll do our best to handle your calls smoothly and efficiently. But, in the long run, the quality of party line service depends a great deal on how it's used.
